

## HELD UP THE NON-UNION MEN FROM THE EAST.

ONE HUNDRED STRIKERS BOARD THE TRAIN AT SIXTEENTH STREET STATION AND SURROUND EIGHT MEN—  
POLICE USE CLUBS.

SAN FRANCISCO, Aug. 27.—The trouble which took place on board the ferry boat Piedmont this morning was only the culmination of trouble which began near Fresno, when several union pickets from this city boarded a train and tried to persuade twenty-two iron workers from the East en route to this city to go to work at the Union Iron Works, from taking the places of strikers.

Trouble arose on the train and weapons were drawn, but no damage was done.

Several passengers who were in the same cars with the Eastern men were molested and one woman fainted.

A deputy sheriff was placed on board the train to protect the non-union men, but the pickets took his gun from him and he went into hiding.

When the train arrived at Sixteenth street, Oakland, this morning only eight of the twenty-two non-union men were on the train.

They were met by about 100 union men from this city and an effort was made to get them to join the union, but the efforts were not successful.

There was considerable trouble on the boat and the police were called upon to restore peace. Several men were clubbed and three were placed under arrest, but as no one would swear to a complaint against them they were released.

The non-union Eastern men were spirited away and are believed to have been taken in safety to the Union Iron Works.

IN OAKLAND.

The arrival of the Los Angeles train was anticipated at Sixteenth street depot at 7:04 this morning by about twenty strike sympathizers from San Francisco.

These sympathizers ran for the car containing the Eastern men claiming they wanted to reason with the Easterners.

A man exhibiting a deputy sheriff's badge, who said he was in charge of the strikers, objected. The visitors also objected.

Officer Nederman then ordered the strikers from the car. The order was complied with. As soon as the train pulled out, however, for the mole the San Francisco men jumped on again on every platform.

Nederman reported the facts to police headquarters and was ordered to take the Eastern men to the police station. The men from San Francisco detailed in the San Francisco dispatch had taken place.

The men from San Francisco sought to induce the visitors to join their respective trades unions and tried to dissuade them from taking strikers' places.

Some of the visitors became abusive and then blows were the result.

## NO CHANGE IN THE STEEL STRIKE

Some of the Mills Are Running  
and New Men Are Being  
Employed.

PITTSBURGH, Pa., Aug. 27.—The steel strike situation was featureless today. The leaders of the workers assert that they are constantly making inroads upon the mills of the combine, while on the other hand the steel company officials announce that in every instance where they have attempted to start one of their plants they have succeeded and that they can get all the men they want. That success has attended their efforts is evident at Westville, Painters Mills, Clark and Lindsay and McArthur's. The first three named are running today practically full and new men are being taken on every day.

Labor officials and workmen representing the Continental and Pennsylvania Tube Companies of Pittsburgh and the National Tube Company of McKeesport, were in session all day yesterday discussing the strike. It was finally decided to ask President Shaffer for a formal expression of the attitude of the Amalgamated Association towards the workers and who, it is said, have struck without orders from their lodge leaders. The workmen desire to know what will become of them in case of a settlement and whether the Amalgamated Association will include them in future agreements.

So far no plans have been laid for the resumption of operations in the tube plants and so far as known there is no intention of starting up in the immediate future.

## PICK AND SHOVEL MEN GO ON A STRIKE.

SAN FRANCISCO, Aug. 27.—Because eight non-union pile drivers were sent to take the places of men called out on strike, eighty-five pick and shovel men engaged in excavating for the new dry dock at Hunter's Point threw down their tools and went on strike at noon. The men called at the up-town office of the City Street Improvement Company and were paid off.

## NEW DESTROYER FOR THE GOVERNMENT.

PHILADELPHIA, Pa., Aug. 27.—The torpedo boat destroyer Bainbridge was launched today at Neale & Levy's shipyard. The little war vessel was christened by Miss Louise Adele Bainbridge, daughter of Captain Bainbridge-Hoff and grand-daughter of Commodore Bainbridge.

## WILL SPEND FORTY MILLIONS ON RAILROADS.

NEW YORK, Aug. 27.—It was semi-officially announced today that the Directors of the Union Pacific have outlined plans which will call for the expenditure of \$40,000,000 on the Southern and Central Pacific systems, to be equally divided between them. This will be chiefly for improvements, in order to put those roads in perfect physical condition.

## BANKERS ARE NOT MOVING.

NO MEETING HAS BEEN HELD  
TO TRY AND SETTLE  
THE STRIKE.

Committee Appointed by Mayor  
Phelan Has Not Taken  
Any Action.

SAN FRANCISCO, Aug. 27.—Additions to the force of men at work on the docks and on the steamers were reported this morning, and on the side of the labor unionists counter claims were made to the effect that some of the non-union men had deserted the employers.

Little was done in the direction of securing industrial peace. The committee appointed last night by Mayor Phelan, in carrying out Supervisor Curtis' resolution, has not yet formulated a plan of action, but is expected to do so tonight or tomorrow.

Among the bankers of the city there is a strong sentiment in favor of conciliation, but this has so far taken no more definite direction than mere verbal expression by individual financiers.

There is hope that a meeting of the bank presidents and managers will be held in the near future to consider the means for ending the lamentable struggle between employers and employees, but no such meeting is expected to be called.

The Ship-owners' Association has taken a hand in the matter and is trying to bring about a settlement by appeals to the various unions separately. Several of the local unions held meetings last night to consider the advisability of meeting the employers with special committees, without reference to the leaders of the City Front Federation. The ship owners are determined to secure peace if it is possible, and to that end they are working hard.

## OLD NEGRO WAS SAVED FROM LYNCHING.

Father of the Girl Did Not Want  
the Aged Man's Life  
Taken.

PORT SMITH, Ark., Aug. 27.—Louis Smith, the 55-year-old negro, whom a mob tried to reach in the county jail here at midnight last night, was saved from lynching through the pleading of the father of Lucy Watson, the little white girl assaulted by Smith, and by the prompt action of Chief of Police John Fuller. Smith was finally removed from the flimsy jail to the Federal prison. The assault was committed a week ago, but did not become generally known until late last night.

## GIRLS GO ON STRIKE IN A BOOK BINDERY.

Demand That the Officers of  
Their Union Shall Be  
Reinstated.

CHICAGO, Aug. 27.—All the girls of the Book Binders' Union employed by the W. B. Conkey Company at Hammond, Ind., numbering about 250, struck today because their officers, who had been discharged yesterday, were not reinstated.

## RULING IS MADE ON THE PRICE OF STOCK.

WASHINGTON, Aug. 27.—Commissioner of Internal Revenue Yerkes has held that when a stock has been appraised, subsequent fluctuations in the market price shall not be considered in fixing the amount of the inheritance tax on the same; also that when a note or other personal property has been appraised as being of no value and subsequently such property is sold for a valuable consideration, this fact shall be regarded as evidence that the appraisal was incorrect and that the tax shall be levied upon the amount realized.

## TWO OFFICERS ARE ARRAIGNED IN COURT.

NEW YORK, Aug. 27.—Wardman Glen and Precinct Detective Dwyer were before Recorder Goff today to plead to the indictment charging them with neglect of duty. The case was adjourned until Friday, however, upon the request of their counsel, who promised that he would either plead or enter a demurrer on that day.

## FELL FROM A TRAIN AND DIED OF HIS INJURIES.

SACRAMENTO, Aug. 27.—Last night William McDonald, a section hand in the employ of the Southern Pacific Company, was struck by or fell from some passing train at Emigrant Gap. When he was found by the side of the track he had one leg cut off, the other was badly broken and an arm was broken. He was placed on a special train and started for the County Hospital at Auburn, but he died when the train reached Shady Run.

## MINERS OF AMERICA ARE IN SESSION

WILL NOT USE ANY POWDER  
NOT BEARING THE LABEL  
OF THE UNION.

Officials Do Not Anticipate Any  
Trouble Over the Con-  
vention.

HAZELTON, Pa., Aug. 27.—A convention of representatives of the United Mine Workers of America from every mine in the Anthracite Coal region began here today and is expected to continue three or four days. President Mitchell and National Secretary Wilson arrived this morning. When asked what questions would receive the most attention, Mr. Mitchell said they were all contained in the call issued three weeks ago. He could not say whether the convention would take any action on the steel strike. One question to come before the convention is the right of United Mine Workers officials or representatives to go upon the property of the various companies to examine the cards of the miners, a privilege which has been so far denied by the officials at many mines.

While expressing themselves generally as entertaining no apprehension of trouble over the outcome of the convention, the anthracite officials are nevertheless anxious and it would cause them no surprise if the convention were to take some steps whereby the present output of anthracite would be curtailed some so as to prevent the concentration of coal and place the miners in a stronger position next April when the yearly contracts between the mine owners and employers expire.

A committee representing the Powder Workers' Union requested the miners to use no powder unless the union label is pasted on the kegs.

The convention decided that miners should buy none but union label powder, provided it is of as good quality as that used at present.

The Powder Union asked the delegates to patronize none but union barber shops.

## J. PIERPONT MORGAN SAYS NO COMPROMISE.

Strike Can Only Be Settled by the  
Return of the Men  
to Work.

NEW YORK, Aug. 27.—J. Pierpont Morgan returned to the city today, but it was said his return had nothing to do with the steel strike or its settlement. The officials of the United States Steel Corporation made the following statement:

"The reports that there are negotiations for a settlement of the steel strike are erroneous. The United States Steel Corporation has received no proposals for the settlement and has made none. Many of our men are returning to work and many others are desirous of resuming their places. The strike can only be settled by the return of the men to their places."

## WEATHER PROPHETS ARE HOLDING CONVENTION.

MILWAUKEE, Wis., Aug. 27.—Over one hundred Weather Bureau officials gathered in Milwaukee today to attend a three days' convention. Addresses of welcome were delivered by Dr. Wm. Wilson of the local Weather Bureau, and Mayor David S. Rose, the response being made by Prof. W. L. Moore, Chief of the United States Weather Bureau. As an introductory, Prof. Moore made a few reminiscent remarks reviewing the Weather Service from its small beginning to its present high standard. He then reviewed the work which had been accomplished since the Omaha convention.

## ADMITS HIS GUILT AND WILL PLEAD GUILTY.

SACRAMENTO, Aug. 27.—Harry Hamnell, the man who was arrested in this city early last Sunday morning on a charge of having blown open the safe of Holbrook, Merrill & Stetson, was this morning taken to San Mateo county by Sheriff Mansfield to stand trial for having burglarized the Postoffice at that place.

He has admitted his guilt and said he would plead guilty.

The San Mateo case was stronger than the one in this city. While he would not admit that he committed the burglary here, he gave the officers nearly \$200 to give to the owners of the safe which was blown open.

## WANT JOHN REDMOND TO COME TO AMERICA.

DEBILIN, Aug. 27.—The Directory of the United Irish League met today and requested John Redmond, their leader, to go to the United States, in conjunction with Michael Davitt, place the position of the Nationalist movement before the Americans. Mr. Redmond, who will be accompanied by some member of Parliament, will sail for New York early in October.

## EASTERN WEATHER.

CHICAGO, Aug. 27.—Temperatures at 7 A. M.: New York, 74; Boston, 68; Philadelphia, 74; Washington, 70; Chicago, 70; Minneapolis, 64; Cincinnati, 65; St. Louis, 62.

## TICKET BROKERS WIN CASE.

CIRCUIT COURT REFUSES TO  
GIVE INJUNCTION AGAINST  
SCALPERS.

Says That the Railroad Company  
Belongs to an Illegal  
Pool.

BUFFALO, N. Y., Aug. 27.—The application of the Lackawanna Railroad Company for an injunction restraining sixty-one brokers doing business in Buffalo from dealing in special Pan-American excursion tickets issued by that road has been denied by Judge Hazel of the United States Circuit Court and the order granted some time ago restraining such sale during the argument of the case has been vacated.

The court in the decision handed down today holds that the railroad company has the right to make special contracts with individual purchasers of tickets, and that the purchaser cannot violate such contract by selling them, and it also overrules the point of lack of jurisdiction raised by the defendant's counsel.

On the other hand it decides the application for an injunction because the Lackawanna is a member of the Trunk Line Association known as the "Pool," which combines to fix rates in violation of the law and therefore is not entitled to redress in an equity court. "The complaint must therefore be relegated to its proper place at the feet of the law," and the injunction is vacated.

## SAYS THEY ARE GETTING SOME ENCOURAGEMENT.

Secretary Williams Says That  
the Strikers Are Satisfied  
With Situation.

PITTSBURGH, Aug. 27.—Secretary Williams of the Amalgamated Association today said there was but little change in the steel strike situation.

"We are receiving additional encouragement every day," said he, "and when a settlement is made it will be an honorable one for the Amalgamated Association. We have made no overtures for peace and all movements in that direction are being made by others. While we are not participating in the efforts now being made, I do not say we will not accept any fair proposition that may be made looking toward an ending of the strike. We are satisfied with the situation up to the present time and I do not see any reason why we should not wait."

## PLAN TO REORGANIZE THE SEVENTH NATIONAL.

Comptroller of the Currency Has  
Received a Letter on  
the Subject.

WASHINGTON, Aug. 27.—The Comptroller of the Currency today received a letter from William Nelson Cromwell, representing those in charge of the effort to reorganize the Seventh National Bank of New York City.

The plan contemplates the resumption of the bank with a capital of at least \$2,000,000.

Mr. Cromwell states that he holds subscriptions for more than three-fourths of the increased capital with a prospect of completing the list within a few days.

He states it is hoped that the plan will be ready for submission to the Comptroller within the next week.

## ADMIRAL SAMPSON'S NAME HEADS THE LIST.

WASHINGTON, Aug. 27.—The Navy Department today, through Captain Lemley, the Judge Advocate of the Court of Inquiry, supplied counsel for Admiral Schley with a tentative list of witnesses to be called before the court by the Government.

The Department declines to make this list public, but it is understood that it contained, and in fact is headed by the name of Rear Admiral Sampson.

It is not even possible to learn the number of witnesses named, but it is stated that the list is by no means complete. Some of the witnesses named may not be called, while on the other hand not only may the Government add to the list, but Admiral Schley's counsel are at liberty to suggest additional names.

## SULTAN TRIES TO GIVE FRANCE A GOLD BRICK.

AMBASSADOR SAYS THAT PROMISES WERE NOT KEPT AND  
HE BREAKS OFF DIPLOMATIC RELATIONS WITH  
TURKEY.

CONSTANTINOPLE, Monday, Aug. 26.—The following was the position of affairs immediately preceding the departure of the French Ambassador, M. Constans:

The Turkish government was showing a disposition to regard the French demands as settled by the irade relating to the quays and the Albanian land seizures. The French Embassy, in order to prevent a misunderstanding, wrote to Tewfik Pasha, the Minister of Foreign Affairs yesterday that France, in addition, expected the settlement of two other claims included in the demands made August 11th, and that unless they were conceded before noon M. Constans would leave and M. Munir Bey, the Turkish Ambassador to France, would receive his passports. Instead of yielding the Turkish government asked for twenty-four hours' delay and made alternative propositions which were so unacceptable that M. Constans did not reply to them.

SEMI-OFFICIAL NOTE.

PARIS, Aug. 27.—A semi-official note has been issued announcing that the Porte, not having carried out its undertakings with regard to the disputed questions between the French and Ottoman governments, M. Constans, the French Ambassador, acting under instructions from the Foreign Minister of France, left Constantinople August 26, the date named in his last communication to the Porte on the subject.

An arrangement had been effected August 17 and its terms drafted by the Ottoman Foreign Minister, with the approval of the Sultan, who had promised M. Constans that the text should be handed to him August 18.

PROMISES NOT KEPT.

M. Constans telegraphed to Paris August 19 that none of the promises had been fulfilled, and M. Delcasse, Minister of Foreign Affairs, August 21 telegraphed M. Constans that in view of so flagrant a disregard of the undertakings, the negotiations could no longer be continued and requested M. Constans to inform the Porte that he had received orders to leave Constantinople.

On August 23 M. Constans communicated (Continued on Page 2.)

## LOST HIS LIFE TO SAVE CHICKENS

Chinese Inspector in Tucson  
Meets With a Fatal  
Accident.

TUCSON, Ariz., Aug. 27.—B. F. Jossey, United States Chinese Inspector, was accidentally shot and killed this morning at his home in this city. The coroner's jury returned a verdict of death by the accidental discharge of a gun. The deceased heard a disturbance among his poultry during the night, arose from his bed, took a shotgun and, attired in his nightdress, went to investigate. A few moments later the report of the gun was heard. Mrs. Jossey, thinking her husband had fired at a skunk, called out, "Did you kill him?"

No one answered. She called a second time, and still receiving no reply, ran out and found Jossey prostrate, insensible, with a gaping wound in his left breast. His gun, which was about eighteen inches long, was eight feet from him. The small stepladder which he had attempted to mount, to fire over his fence into the poultry yard, had fallen as he stepped on it and his gun had evidently been prematurely discharged. The fact that he was accused of complicity in the Chinese smuggling at Nogales at first aroused some suspicions of suicide, but these were absolutely dispelled by the evidence brought out by the inquest. Jossey was from Americus, Ga.; was appointed to his position under Cleveland, and left a wife and daughter 18 years of age.

**PARADE OF THE PLUMED KNIGHTS.**  
One Hundred Thousand Visitors See the Procession in Louisville.

LOUISVILLE, Ky., Aug. 27.—A parade of 30,000 plumed knights, marching to the music of three brass bands, today marked the formal opening of the Twenty-eighth Annual Conclave of the Grand Encampment of the Knights Templar.

Nearly 100,000 visitors are in the city. The weather was a fulfillment of the wish expressed in a message of regret from Rear Admiral Schley, who is a Knight Templar, as follows:

"WASHINGTON, D. C., Aug. 26.—John H. Marshall, Grand Marshal, Louisville:

"May fair weather and bright skies favor the Grand ceremonies this week. My disappointment no words can describe, but my heart is with you.

"(Signed) W. S. SCHLEY."

The sidewalks were a solid mass of spectators, while every window along the parade and every other vantage point was occupied to the limit.

The parade was an immense spectacle of life and color. A detachment of mounted police led the march, Grand Marshal J. H. Loathers and his aides following immediately behind. Then came the Grand Commander of Kentucky, acting as a special escort to the officers of the Grand Encampment, who rode in carriages. When the Grand Master, Reuben H. Lloyd of California, stepped into his carriage, every knight brought his sword to "salute."

There were twelve divisions in the procession. The California Commandery, with those of Tennessee, Iowa, Wisconsin, New Jersey and Georgia, composed the seventh division, under the leadership of Grand Commander George Butterfield McKee.

In the tenth division, led by J. K. P. Steele, Grand Commander of West Virginia, were the Commanders from Oregon, Washington, Montana, Wyoming, and Arizona.

At the conclusion of the parade, officers of the Grand Encampment and Commanders were escorted to the Girls' High School where Ex-Congressman W. D. C. Breckinridge delivered an address of welcome on behalf of the people of Kentucky. Following a brief response by Grand Master Lloyd, the Encampment met formally in secret session.

**SHAMROCK IS A FAST YACHT.**  
She is Said to Be a Wonder When it Comes to Pointing.

NEW YORK, Aug. 27.—After an interesting and exciting trial spin off Sandy Hook of two hours in a spanking breeze from the southeast today Shamrock II sailed back to the Southwest Point and then took a run up the bay as far as Staten Island, returning back for her moorings at about 2 P. M.

Today's trial shows that the Shamrock is not only a very fast yacht, in a breeze that puts her rival almost awash, but that she is a wonder at pointing. She tacked within eight points, even she tacked and gathered way on the return trip it was estimated that she traveled at least twelve knots an hour. While on the beam reach up to Coney Island Point she made between thirteen and fourteen knots easily, running away from the press up and even the Erin.

"Sir Thomas Lipton, George L. Watson and Commodore J. H. Hillard were on board the Shamrock during the trial."

**FUNERAL OF THE LATE MRS. FIELD.**  
Many Oakland People Sent Floral Tributes—Simple Services at Home.

The funeral of the late Mrs. Sue Field, widow of the late Justice Field of the Supreme Court of the United States, took place this afternoon from the residence of Mrs. George E. Whitney, 576 Eighth street, at 1 o'clock. There were only a few people present, because it had been announced that the formal mortuary exercises would be held in San Francisco.

Rev. Robert Ritchie of St. Paul's Episcopal Church offered a short prayer.

The remains were then borne by undertaker employees to the hearse which was then driven to the harbor followed by a few hacks containing sisters of the deceased, Mrs. Condit Smith, of Washington, Mrs. G. E. Whitney of this city and several other intimate friends.

The 1 o'clock ferry was then taken for San Francisco. On the arrival on the other side of the bay, the remains were met by some old friends and escorted to Grace Episcopal Church. The sacred edifice was thronged with people distinguished in all the social and professional walks of life, some of them having known Mrs. Field for nearly half a century. There was a liberal display of floral tributes and among them were many from this side of the bay.

The services were conducted by the rector of the church, Rev. Dr. Fouto. Incidental to the exercises were several vocal pieces which were rendered by a quartet.

The honorary pall-bearers were residents of San Francisco, as follows: Judge Morrow, Judge Harrison, E. S. Pillsbury, Thomas B. Bishop, William M. Gavin, S. J. Holladay, D. W. Earl, and Homer S. King.

After the funeral the remains were reinterred to this city, being temporarily deposited at Mountain View cemetery, pending their being forwarded to Washington for interment.

Among the floral tributes from this city were those of the following well known people: Mrs. L. L. Requa, sprig of Flora Hill carnations, tied with royal purple ribbon; Mrs. Frank McLaughlin, bunch of shell pink; Mrs. J. T. Wright, bunch of lilium album; Miss Josephine Pierce, wreath of maiden-hair fern with a cluster of pink roses; Mrs. James Gamble, spray of pink roses; Mrs. Ritter, bunch of asters; Mrs. Geo. E. Whitney, variegated lily leaves; Mrs. A. C. Henry, wreath; Mrs. Fennessy, purple asters; Mrs. Orestes Pierce, purple asters; Mrs. S. B. McKee, spray of bouvardia; Mrs. Brooks, white carnations.

**VICTORY FOR M. C. CHAPMAN.**  
After Three Trials the Attorney Gets a Verdict for His Client.

After three hours' deliberation, the jury in the case of James Keating, charged with assault upon Martha McGraw, returned a verdict of acquittal. The case went to the jury late yesterday afternoon after District Attorney Allen had finished his closing argument.

During the first several ballots taken the jury stood eight for acquittal and four for conviction.

On the eighth ballot a unanimous verdict of acquittal was returned.

Keating was much affected by the verdict and was hardly able to thank the jurors. This was the third time he was tried on the charge. The juries in the first two trials disagreed.

There is an interesting story connected with this case that shows the wonderful defending powers of attorneys M. C. Chapman and Fred C. Clift.

William Eaton, John Cronin and James Keating were accused of criminal assault. Eaton, who was not defended by Chapman & Clift, was found guilty and was sentenced to forty-five years in the penitentiary. Cronin and Keating were both defended by Chapman and were acquitted.

At the first trial of Keating the jury stood six to six and at the second trial they stood seven for acquittal and five for conviction. Mr. Chapman has maintained his record as one of the leading criminal lawyers at the bar of California. The Keating verdict was a great victory for Mr. Chapman.

**HOSTILE FEELING IN NORTHERN CHINA.**  
Emperor Is Now Playing One Power Against Another in Diplomatic Game.

LONDON, Aug. 27.—Byron Brennan, British Consul-General at Shanghai, who has just returned to England, said to a representative of the Associated Press today:

"From the standpoint of foreign interests, the position in China is far worse today than before the international occupation of Peking. Formerly the Chinese believed that foreign interests were identical. Thanks to recent events, they are now better able than ever to play off one power against another, so patently have the interests of the several powers been shown to diverge. There is a very noticeable feeling in many parts of Northern China and local disturbances may be expected."

Mr. Brennan declared that Russia and Germany both had far more influence with the Chinese government than Great Britain. He believed the United States would be the greatest sufferer by the closing of Manchuria to foreign trade.

**STEPDAUGHTER TELLS COURT A PRETTY STORY.**  
Claims That She Got in the Way of a Broken Plate.

Charles Colomb, the brewery wagon driver accused of battery on his wife and step-daughter, came up for trial this morning in the Police Court. The wife refused to testify against her husband, availing herself of the law in the matter of a wife testifying against her husband.

The step-daughter, Mabel Murat, a pretty 16-year-old girl, was put on the stand, despite her reluctance to testify. She attempted to shield her father, saying that he did not touch her, but which is not yet proved, was the result of accident, and not of brutality. She said that her father broke a dish while eating his supper and attempted to throw it into the sink. By accident, she claims to have stepped in front of the flying glass and received the wound on her head.

Judge Smith did not take this view of the case, and on motion of the prosecuting attorney, continued the case until tomorrow to see if additional witnesses could not be obtained.

**TITLE TO WATER FRONT LAND IS IN QUESTION.**  
Frank Maguire has commenced suit against E. C. Sessions and others to quiet title to a large tract of water front land. The property is bounded on the north, westerly side by Fourteenth avenue, on the north westerly side by Fifteenth avenue, on the north easterly side by the right of way of the Central Pacific Railroad Company and on the southwesterly side by the line of the ship canal of the estuary.

Maguire states that he has been in possession of the property for fifteen years. The same property, however, is inclosed in a patent granted to James T. Stratton on October 15, 1899. Stratton contended that the property is E. C. Sessions on January 20, 1892. Maguire alleges that Sessions has refused to bring any action to quiet title to the land.

**SULTAN TRIES TO GIVE FRANCE A GOLD BRICK.**  
(Continued From Page 1.)

ated with the Porte, fixing August 25 as the date of his departure and as the engagements were still unkept, M. Constant left Constantinople August 26.

**HIS DEPARTURE.**  
With the departure of M. Constant the relations between France and Turkey may be regarded as broken off. Munir Bey, the Turkish Ambassador to France, has been telegraphed to not return to Paris.

The correspondent of the Associated Press was informed today from the best sources that the departure of M. Constant from Constantinople, in the circumstances, is tantamount to a partial rupture of Franco-Turkish relations. Munir Bey, who is in Switzerland, will be informed, as set forth in the semi-official note issued this morning, that the French government does not desire him to return to Paris.

The current affairs of the two Embassies can be carried on by the Charge d'Affaires, but all negotiations of a political nature will be suspended until the Sultan yields to the French demands. The French government holds that the Sultan has broken his word. He had promised full payment of the long standing indemnities to the Frenchmen, amounting to 12,000,000 francs, but at the end of last week declined to pay the full amount and offered a reduced sum which was refused by M. Constant, who waited until yesterday and then departed.

**SULTAN'S APPEAL.**  
The Sultan made a final attempt to induce him to stay.

M. Constant had left Therapia on board the Vetur for Stamboul where he was to take the Orient Express. A court chamberlain arrived at Stamboul in post haste from the Sultan, begging M. Constant to return to Therapia and promising that everything would be satisfactorily settled. M. Constant declined to turn, declaring the time for promises was past and that it was for the Sultan to fulfill his undertakings.

The French government will take no further steps in the matter, but will wait for the Sultan to move. It is thought the Sultan will not allow the present situation to last very long.

**NOT MUCH CHANCE FOR A WAR.**  
Colombia and Venezuela Will Not Measure Strength on Battlefield.

WASHINGTON, Aug. 27.—Official mail advices received at the Colombian legation here today tend to show, it is said, that the chances of a war between Colombia and Venezuela grow more distant every day.

The mail contained information to the effect that both the Nicaraguan and Ecuadorian governments have given the Colombian government the fullest assurances that they will remain strictly neutral with regard to the strained relations between Colombia and Venezuela.

The mail also brought the details of the complete defeat of a band of 2,450 Colombian revolutionists under General Maril at the town of Anapoyma by the government forces.

The insurgents had previously occupied the town of Chirato, on the Magdalena River, which is small but important as being a railroad terminus.

It is stated that 10,000 Colombian troops are guarding the border in command of General Gonzales Valencia, who was formerly Minister of War in the Colombian Cabinet.

## NAME TELEGRAPH FOR LE CONTE.

Councilman Bon Wants to Honor Memory of the Noted Scientists.

At a meeting of the City Council last night Councilman Bon introduced an ordinance changing the name of Telegraph avenue to Le Conte avenue in honor of the two great philosophers and scientists of that name who have been connected so long and prominently with the University of California.

The consideration of the ordinance, after much deliberation, was postponed until the next meeting of the Council in order to get the opinion of residents and property owners.

In introducing the ordinance, Bon said:

"Gentlemen, I believe we owe a duty to two distinguished and lovable men who were but recently in our midst and who have passed away. I refer to Professors John and Joe Le Conte, best loved by those who knew them. Telegraph avenue is a good name, but Le Conte avenue would be better, besides being a fitting way in which to honor the memory of the gentle scientists who have brought fame and renown to our educational institution at Berkeley."

Wallace—I believe the suggestion of Mr. Bon to be an eminently proper one. It is an appropriate way to honor the memory of those two scientists who were as much loved for kindness as they were respected for their learning. Telegraph avenue has long since lost its original significance. By giving it a new title a new dignity will be added to it. I do not believe the change would offend anyone, and I am sure this Council is heartily in accord with the sentiment of honoring both Le Contes.

Cuvellier—I move the suspension of the rules and the passage to print of the ordinance.

Wixson—Before we commit ourselves I believe it would be wise to consult the people who live on the avenue as to their wishes.

Wixson's suggestion, after some debate, prevailed, and it was agreed to take the matter up at the next meeting of the Council.

The sentiment of the Council is unanimous in changing the name of the avenue to Le Conte.

## MRS. E. B. JEROME IS STRICKEN BY DEATH.

BROKE DOWN WHILE SHE WAS CARING FOR HER SICK SON.

Was a Prominent Member of the Ebell Club and Well-known Socially.

Mrs. Clara E. Jerome, wife of E. B. Jerome, Deputy Collector of the Port of San Francisco, passed away this morning at 6 o'clock at the Fabiola Hospital. Her death is a great shock to the community.

The illness which terminated so sadly and unexpectedly was contracted about a week ago and was due to the shock attendant upon the serious illness of Mrs. Jerome's youngest son Leonard, aged 12, who was suffering from an injury on the head. For two days and nights the mother kept a constant vigil at the bedside of her youngest son.

To ease the pain and suffering of her boy Mrs. Jerome neglected herself. Varying and constant care so weakened her constitution that she fell an easy victim to malarial fever.

When the first symptoms of the disease manifested themselves, Dr. Sarah I. Shuey and Dr. R. T. Stratton were called, but the disease made such rapid headway that it was deemed advisable to remove the patient to Fabiola Hospital.

The expected and hoped for rally did not come. As evening approached the patient was visibly sinking. The husband and sons were summoned and bade to prepare for the worst. During the hours of the night they watched by the bedside of the dying woman, until the gray hours of the morning, when death relieved her sufferings.

Mrs. Jerome was a favorite in the religious and social circles in which she moved. She has lived in this city continuously for the last twenty-seven years. During that time she was prominently identified with the work of the Ebell Society. She was of a generous and noble disposition, and many are the deserving and needy who blessed her benefactions and charities. In her enthusiasm for doing good she never wearied, and there are many who will miss the comfort and cheer of her presence.

Mrs. Jerome, aside from her charitable work connected with the Ebell Society, was very closely associated with the charities of the Fabiola Hospital, where she died. She was a director of that institution and one of its most ardent patronesses.

She leaves a husband and three children to mourn her loss. The latter are E. B. Jerome Jr., Leonard and Miss Ethel Jerome. Miss Jerome is at present residing at Holyoke, Mass., where for the past years she has been studying art under the supervision of private teachers. The first two children have been residing at the family residence, 1331 Chestnut street.

The family is too grief stricken to announce the funeral arrangements at present. It is probable that Rev. B. Fay Mills of the Unitarian Church will be selected to officiate at the funeral services as Mrs. Jerome was a popular member of that church.

## SETTLEMENTS MADE IN THE FAIR ESTATE.

Large Fees Are Paid to the Attorneys for Various Heirs.

The estate of James G. Fair is being settled. The matter was up in court yesterday.

The fees allowed were as follows: To the three living executors, James S. Angus, T. G. Crothers and W. S. Goodfellow, commissions allowed by law on an estimated value of the estate (in round numbers \$15,070,000) \$152,517.38 in all, or \$50,839.12 each, to the attorneys for executors Angus and Crothers, Messrs. Pierson and Mitchell and Geo. E. Crothers, \$150,000; to Garret W. McEnerny, attorney for Executor W. S. Goodfellow, \$75,000; to Robert V. Hayne, special counsel for the executors in recent proceedings, \$25,000. The fee of ex-Judge Van R. Patterson, representing absent minor heirs, principally Hermann Oelrichs Jr., was kept in abeyance.

The account presented by the executors and settled by the court showed the condition of the Fair estate during two months from June 24th to August 24th, 1901. The following figures were given: Money in bank, June 24, 1901, \$766,882.18; receipts from June 24 to August 24, 1901, \$555,509.35. Total receipts \$1,322,391.53; disbursements during the same period, \$118,124.94; balance on hand, \$1,204,266.59. The two largest items in the list of receipts were a sum of \$383,440, realized from the sale of 1,841 shares of the Rio River Railroad Company's stock, and \$29,372.72 realized from the sale of 3,175,340 pounds of wheat at \$2 1/2 cents per 100 pounds. There was no objection to the account and Judge Trout made the necessary order. There is still an amount of \$380,000 held out by order of court, from which Mrs. Nettie R. Craven's claims are to be paid should she ultimately be successful in proving her right to a share in the estate.

## EXPRESSED HIS OPINION.

There is a youngster in Girard College who combines the poetic instinct with a keen sense of humor. He is not a close student; in fact, he regards books as instruments of torture. One of the professors picked up a text book belonging to him the other day, and found on the fly leaf there was another flood, lead this bit of verse, which no doubt expressed the student's opinion of it: "For refuge hither fly, And should the whole world be submerged, This book would still be dry."—Philadelphia Record.

**ADVERTISING THE STATE.**  
The passenger department of the Southern Pacific is about to once more deluge the Central and Eastern States with literature regarding California and the announcement is made that the campaign of education will henceforth be conducted more vigorously than ever.  
This is indeed good news. There is no medium better adapted to advertise a community than a big railroad system, for it reaches into villages and hamlets that could not otherwise be tapped save at great expense, and furthermore it gives the section thus advertised personal canvassers in thousands of towns, large and small, for each railroad agent is as much enlisted in the task as if he had been appointed for that special purpose.  
Perhaps, however, the greatest of the many advantages attached to this railroad work is that it is done along the lines where the most fulsome benefits can be obtained. The individual figuring upon a vacation trip naturally gets all the available literature at the offices of the railroad and steamship companies, and if at that time the attractions California presents are called to his attention, half the good work is done. That is our strongest card, by the way—the fact that we have nothing to fear by comparison. The Easterner who hears of our wonderful climate, the Yosemite Valley, our lake districts and the semi-tropical conditions of the Southern end of the State, becomes interested, and then when he investigates among friends who have made the trip to the Coast it is ten to one that he will decide to go and see for himself.  
The winter season is at hand, and with it will come the customary begin westward of those desirous of avoiding the rigors of the Eastern fall months, so the crusade about to be made by the Southern Pacific will come at an opportune time. While of course the railroad is engaged in the work from the selfish standpoint of furthering its own interests, it nevertheless cannot build up its business without at the same time advancing the common cause. Every individual and every concern in the State will therefore receive direct benefit from the hundreds of thousands of dollars the Southern Pacific will spend in this literary work, and as the Santa Fe is engaged in like pursuit throughout its system it will not be long ere substantial effects of all this booming are in evidence here.

THE YACHTING SUPREMACY.

As the day approaches for the international yacht race, interest in the issue is as usual becoming very intense. Upon both sides of the Atlantic, more so than ever this time, in fact, in view of the belief that this year's challenger is better fitted for the task than any that has yet essayed it during the past quarter of a century. Of course immediately preceding a race of this kind there are always claims as to the superiority of each contestant, as, for example, the way when Shamrock I came over many thought she would win. Where the true significance of the situation is shown, however, is in the betting, for despite all the booming Shamrock I got, when the odds were posted the American boat was a 2 to 1 favorite, a price that showed that those who risked their money on such events considered the race as good as over. This year, however, instead of the American boat being a prohibitive favorite, the odds are inclined to favor Lipton's yacht, and, in any event, despite the enormous weight of local sentiment, it is not likely that more than even money will be laid against the challenger.

According to this speculative forecast, therefore, the chances are that the cup may be carried across the Atlantic this year. The first reports from the other side regarding Lipton's boat indicated that we would have almost a walkover, for Shamrock II was declared to be far inferior to her original namesake. Then came the news of the accident to the new boat, and we had just about settled down to consider the cup as safe when a different complexion suddenly began to spread over the situation. The rehabilitated Shamrock was declared to be all that could be asked, for she showed her heels to the old challenger in a number of trials and broke all previous yacht records in her trip across the Atlantic. As against this, nothing but gloomy reports have been given out regarding the Constitution, for in nearly every trial she has been worsted by the Columbia, and it seems concluding that the latter is the better boat. If the Constitution goes against Shamrock II, therefore, the indications will favor victory for the challenger, whereas, even if it is decided to substitute the Columbia, it is no certainty that the advantage is with us. The Columbia beat Shamrock I easily, it is true, but Shamrock II has shown fully as much superiority over Lipton's first boat as the Columbia ever did. Such a match, however, would look more of an even thing than to run the Constitution against the challenger, and although from the standpoint of sentiment our yachtsmen are slow to admit that the old boat is better than the new one, they will undoubtedly do so rather than run the risk of defeat. The yacht race is more than a mere contest between sportsmen; it is pitting our national prestige against that of England, and we want to do the crowing instead of having to eat it.

PEOPLE CANNOT MAKE THE LAWS.

Judge Henshaw Renders an Interesting Decision on the Referendum.

The Supreme Court yesterday decided that the provision of the County Government Act which attempts to give town or county governments the right to adopt local legislation by popular vote is unconstitutional. The question came before the court from Ventura county, where a saloon keeper was arrested for violating an ordinance intended to regulate the selling of liquor within the county. The ordinance in dispute was voted upon by the people at an election held last November and was adopted in strict conformity with the terms of the County Government Act.  
Judge Henshaw, who wrote the decision of the court, declares in unqualified language that the ordinance was invalid. He finds that under the law of this State legislation cannot be passed directly by the people, but must originate with its regular representatives in the State with the Senate and Assembly, and in the counties with the Board of Supervisors.

THE CATHERINE.  
A blue song-wave of melody—  
A wood-thrush, a thrasher, a dove,  
A blue note that upward rolls—  
A lullaby of trick and trill,  
The robin's call across the hill.

Port, when he wants to be—  
A more than poet, singer he—  
Sings—for now the moon is bright  
From honey-suckle vine is heard,  
Trilling, trilling—alas, the fall  
Ending in a harsh cat-call.

WEDDING OF MISS PALMER.

Popular Oakland Young Lady the  
Bride of Charles J. MacDonald.

The marriage of Miss Cynthia Inez Palmer of this city and Charles J. MacDonald, of San Francisco took place last night at 8:30 o'clock at the home of the bride's sister, Mrs. W. T. Vahlberg, 962 Grove street. It was witnessed by a goodly number of relatives and friends of the contracting parties and was one of the most pleasurable events of the kind which has taken place this season which has been so prolific of marital events.

The marriage was the happy means of bringing together from distant sections of the Coast all the members of the bride's family as also of the groom.

The cosy home of Mr. and Mrs. W. T. Vahlberg, which has also, for some time, been the abiding place of the bride, had been converted into a floral bower of fragrance and beauty. There were flowers in the parlor, in the halls, in the reception and dining-rooms, in fact, there were flowers everywhere. Nor was there wanting a display of vernal budding which served as the groundwork of the refined color schemes.

The parlor was hung with wide majestic palms with a delicate tracery of ropes of smilax. Roses and pinks were disposed of in profusion in various places and the mantel was banked with sprays of roses and sweet peas. The marriage bell hung from the ceiling in the midst of meshes of smilax. It was composed of white roses, carnations, white sweet peas and maiden-hair fern.

The dining room was aglow with carnations, pinks, cypresses, smilax, white roses, maiden-hair fern, with a canopy of golden tissue which produced a very pretty effect.

In the back parlor, the color scheme was pink and the contrast was pronounced and agreeable when viewed in connection with the ornamentation of the adjoining apartment.

At 8:30 o'clock, the guests assembled in the parlor. Mendelssohn's "Wedding March" was intoned on the piano by Miss Annie Meyers and, in keeping with the rhythm of the measures, the bride couple entered the apartment.

First came the groom, Charles J. MacDonald, with Mrs. W. T. Vahlberg, the matron of honor, resting on his arm. They took up a position immediately in front of Rev. Dr. Morrison, of the Church of the Immaculate Conception, who was to officiate at the ceremony. A vacant space, however, was left between the groom and the lady whom he had escorted.

Then came the bridesmaid, Miss Georgie MacInnis, a sister of the groom, and the best man, Jerome MacDonald, a brother of the groom. Miss MacInnis took up a position on the left of Mrs. Vahlberg, while the best man took up a position on the right of the groom.

Then came the bride, all radiant, and modest, and assumed the place which had been left for her between the groom and Mrs. Vahlberg. The bride's party was then complete and the marriage ceremony was read in English from the Catholic ritual in an impressive manner. At the close, the usual congratulations were indulged in, and there was in them a sincerity which showed that the good wishes had come from the heart.

The ladies of the bride's party presented a charming appearance. The bride appeared in a fetching costume of white gauze over white satin trimmed with white lace insertion. A bridal veil fell in graceful folds from beneath a tangle of orange blossoms. Her ornaments were diamonds, one feature being a glittering sunburst of brilliant, the gift of the groom. Mrs. Vahlberg, the matron of honor, wore white organdy over white satin. All these ladies carried sprays of white roses.

The reception over, a bridal banquet was served, the bride's table being surrounded by the relatives of the contracting parties.

Toasts were proposed by W. T. Vahlberg, who acted as toastmaster, and were responded to by every one of the guests. It is needless to say that the heartiest good wishes were expressed for a long and happy married life on the part of the wedding party.

The bride and groom, under a shower of rice, took their departure from the house at 10:30 o'clock. They boarded the 10:35 train for San Francisco. The wedding tour will extend to the Hotel Del Monte and other pleasure resorts in the southern part of the State.

The groom is an officer on the transport Sheridan, on which vessel he will sail next Saturday for Manila.

The bride has resided in this city for some time and is well known and greatly appreciated in social circles and societies in this vicinity. Her former home was in Santa Cruz, and there her mother and one sister now reside.

The guests at the wedding were Mr. and Mrs. A. D. MacDonald, of San Francisco, the latter mother of the groom; Mrs. C. A. Palmer of Santa Cruz, mother of the bride; Mr. and Mrs. W. T. Vahlberg, Miss Marie Palmer of Santa Cruz, sister of the bride, Miss Georgie MacInnis, Jerome MacDonald, brother of the groom, Rodney MacDonald of British Columbia, Miss Eugenie MacDonald, Miss Gussie Punteloff of San Francisco, Miss Katherine Madden, W. E. Dargie Jr., Charles Beck, Mr. and Mrs. Frank J. Wilson, Miss Annie Meyers, Edward F. Keefe, Miss May Mullen, Mrs. Belle Wells, Miss Blanche Cameron, Miss Blanche Burke and Ellis Blom of San Francisco.

What Makes Beauty?

Beauty is made or marred by the blood. When the blood is impure, the cheeks grow sallow, the eyes dull, the hair loses its luster. When the blood flows through the veins in a pure, rich current, the eyes sparkle, the skin is clear, the complexion beautiful. Women who use Dr. Pierce's Golden Medical Discovery, and find that it is a genuine beautifier. By purifying the circulating blood it puts a bloom on the cheek and a brightness in the eye, which tell the story of perfect health.  
"Having been left weak from fever last October, I was under the doctor's care here," writes Mrs. Alice E. Candler of Crawford, Daws Co., Neb. "I took medicine, but did not seem to gain very much. I was tired all the time, had no appetite, had wandering pains all over me more or less, and was very nervous, as I had been sick all the summer. I was all run-down and didn't know what ailed me. I got advice from Dr. Pierce, telling me my symptoms, and that I could do for myself, and also telling me that I would have to take care of myself, and how to take the medicine. I took four bottles of 'Golden Medical Discovery' and gained strength right along. I took one bottle of the 'Pleasant Pellets' also. I know that these medicines will do all that they are recommended to do."  
Use Dr. Pierce's Pleasant Pellets for sluggish liver.

Last night the City Council put the Palm Garden and the Cafe Bohemia on probation as a result of the protests filed by the Woman's Christian Temperance Union and the Good Templars. The resolution adopted also provides that both resorts will come under special police supervision. If during any time of the probation the saloons are conducted in defiance of law, order and decency the matter will be reported to the Council and steps taken to revoke the licenses.

The following resolution was introduced by Chairman Boyer of the License Committee and passed by the affirmative vote of Bishop, Boyer, Courtney, Ruch, Wixson, Schaffer. Those voting against the resolution were Don, Cuvellier, Dornin, Fitzgerald and Wallace.

"Resolved, That the two establishments on Twelfth street in the city, known respectively as the Palm Garden and Cafe Bohemia, and against which protests have been filed before this Council are hereby permitted to continue business on probation and that the police authorities of the city are hereby directed to give those places extra attention, and to report at once to the License Committee of this Council any violation of the laws of the municipality or the common rules of morality or propriety. The police authorities are directed to detail some regular officer to supervise said places and to advise this Council at once of the patronage of foreign women or minors at either the Palm Garden or Cafe Bohemia and to cause the arrest of all offenders who violate the ordinance against obstructing the sidewalk with goods or offensive persons.

"Resolved, That a copy of this resolution be served on the proprietors of the places within referred to which shall constitute a notice that no further cause for legitimate complaint should exist.

"R. J. BOYER.

In speaking against the resolution Councilman Cuvellier said: "I want to call the attention of this Council to the beautiful wording of this resolution. You are going to get a special officer to watch the Cafe Bohemia and Palm Garden, to be paid by these places. Of course the officer would not be biased by the fact that he was working for the saloons and would work honestly and faithfully for the interests of the city. I don't believe this resolution is the proper way of dealing with this evil. I move that we call up the protests which have been filed from the License Committee so that the Council as a whole can act upon them. There has been so much talk in the community concerning the indecency of these places that we owe it to the people to investigate. Where there is so much smoke there must be fire. I will bring the Chief of Police up here to testify. I know what his testimony will be. It is, however, what they have been and not what they are going to be that is of interest to the community. If you put them on probation as the resolution suggests of course the saloons will conduct themselves properly while under the eyes of the police. Start the investigation now. Let us know what

has been going on behind those doors. Let us call up the protests from the committee and proceed to investigate."

Schaffer—There is nothing in the committee to call up. The committee has not reported.

Don—I second the motion to call up the protests from the committee.

Bishop—While this investigation is going on I would like to have police stationed at the entrance of the saloons to report whether or not women are seen going in there.

The motion to call up the protests from the License Committee was then put by Chairman Schaffer and lost by the following negative votes: Bishop, Boyer, Courtney, Ruch, Wixson, Schaffer, Dornin, Fitzgerald, and Wallace.

The original resolution was then put and carried.

A delegation from the Woman's Christian Temperance Union and the Good Templars were present but did not speak.

### TRANSIT COMPANY MAKES SOME CHANGES.

The Oakland Transit Company has just issued some new orders in regard to changes in running its cars.

The most important change is in the running of the Alameda cars. The present outward run from Sixteenth street station through Twelfth street, around through Alameda and out to Mountain View Cemetery at Piedmont is abandoned. A loop line will be operated through Alameda, as at present, but the cars will be run over the tracks of the Hayward line through East Oakland, will follow the present route of the Haywards car down Washington street, and will continue around into Alameda without going to West Oakland. Ten blocks of the old Alameda line through East Oakland between Twenty-third and Thirtieth avenues will be entirely abandoned, and a run will be instituted between Thirtieth avenue and the Sixteenth street station along Twelfth street. Between Broadway and Thirtieth avenue the headway will be fifteen minutes, and west of Broadway it will be seven minutes. The cars from Mountain View Cemetery will stop at Seventh and Washington streets until the Piedmont system is made broad gauge, when they will run down Broadway.

The cars from Leona Heights will not run along the old canal, but will run to Fruitvale station and connect with the Seventh street local. Passengers from Oakland for Leona Heights can either take the local train or the Haywards car. The Haywards line will transfer to the Leona car at the crossing near High street. Passengers from Alameda will have to ride from Twenty-third avenue, transfer to the Haywards line and then transfer to the Leona car.

## COUNCIL PLANS FOR A PESTHOUSE

PROPOSITION TO DIVIDE THE  
CITY INTO DISTRICTS FOR  
CLEANING PURPOSES.

Matters of Interest to Taxpayers  
Handled at the Session  
Last Night.

At a meeting of the City Council, held last night, there were present Councilmen Don, Boyer, Bishop, Courtney, Cuvellier, Dornin, Ruch, Fitzgerald, Wallace, Wixson and President Schaffer.

The Council, sitting as a Committee of the Whole, adopted a resolution appointing a committee of three to confer with the Board of Health in the matter of establishing a hospital where patients afflicted with smallpox and other contagious diseases can be cared for during the period of incubation. The committee appointed consisted of Councilmen Wallace, Boyer and Courtney.

### COMMITTEE'S DUTIES.

The duties of the committee will be to look for a desirable site where suitable buildings can be erected for the accommodation of patients afflicted with contagious diseases.

President Schaffer made the suggestion, citing the example of the Alta House as an object lesson of the inconvenience and annoyance of not having a hospital where patients with smallpox could be confined. He stated that last year \$2,500 had been spent in taking care of patients, and that the city was expending about \$30 per day in taking care of one case at the present time at the Alta House. Schaffer also stated it was the opinion of Dr. Hamlin of the Board of Health that a hospital could be built for \$2,500 to \$3,000, which would be large enough to accommodate the patients who were taken ill with smallpox or other virulent diseases.

The opinion of the Council was in favor of establishing a hospital at the earliest possible time in order to relieve the city of the presence of smallpox in the heart of the business district.

The following communication from property owners on Washington street on the same subject was read and filed:

### A PETITION.

"Oakland, Cal., Aug. 26, 1901.

"To the Honorable the City Council of the City of Oakland: We, the undersigned, doing business on Washington street, respectfully petition your honorable body that, owing to the fact that the Alta House has been quarantined and a yellow flag and guards are at the entrance of said house, the patients and those quarantined be removed to some suitable place and the quarantine raised.

The ordinance fixing the salary of Third Deputy Treasurer at \$125 a month was finally passed.

The amended plumbing ordinance was passed to print by a vote of 8 to 3, the nays being Bishop, Dornin and Fitzgerald.

### LIQUOR LICENSES.

Liquor licenses were granted to the following: Jay E. Reball, 5928 Telegraph avenue; N. V. Christensen, Ninth and San Pablo avenue; Josephs & Preti, 509 Eleventh street; Manuel Baptista, 1631 Pacific street; Guiseppe Vignago, 653 Filbert street; J. H. Wilson, 1601 Market street; W. C. Brownell, 425 Eleventh street; Henry Wilkins, 579 Washington street; E. H. Chapman, 320 Twelfth street; Geo. Schatz, 4399 Piedmont avenue; P. N. Miodovich and N. Bocerovich, 372 Ninth street; N. Gavelli, 964 Seventh street; Con Donovan, 629 Telegraph avenue; Joseph B. Meisner, corner East Twelfth street and Thirtieth avenue; Thomas O'Donnell Jr., 220 East Twelfth street.

### MISCELLANEOUS.

The withdrawal of H. Alexander and J. W. O'neal from the application of Charles McArthur for a liquor license were read and filed.

A. W. Ormsby, in a long petition to the Council, stated that he holds Auditor's warrant No. 6463 upon the treasury for \$5, dated April 10, 1901, and drawn upon the general fund of the city for the fiscal year ending June 30, 1901; that the warrant has been registered, but before it can be paid \$20,570.21 must be transferred to the general fund. He asks that the Council direct a transfer of funds on the books. Referred to Auditing and Finance Committee.

President Schaffer stated that complaint had been made to him that the crews repairing crosswalks lost much time in going to and from work. The time in going to and from work was referred to the Street Committee.

The Council adjourned to meet Thursday night. The City Attorney asked that the ordinance creating the office of assistant to help in the water rate suit be passed as soon as possible, as he wanted to get to work.

### COMMITTEE OF WHOLE.

After the Council adjourned the Committee of the Whole met with Wixson in the chair.

The report of the Park and Boulevard Committee on obtaining dirt from tidal creeks and the city dump for grading and further time to try and get earth for filling the West Oakland and estuary parks.

The resolution directing the Board of Public Works to construct bitumen crosswalks at Fourteenth and Harrison and other streets was laid over.

The resolution directing the Board of Public Works to repair the Moss street bridge, the bridge at Fourth and Broadway streets and the bridge crossing the northeast end of Lake Merritt at a cost not to exceed \$75, was recommended.

A committee of three, Schaffer, Dornin and Fitzgerald, was appointed by resolution to confer with the Board of Works relative to dividing the city into districts and having each district swept and cleaned by private contract.

During a discussion of the resolution Schaffer maintained that it would be a great saving to the city.

Cuvellier said it was the shrewdest kind of a political trick, but as it suggested a possible plan of economy he would vote for it.

Boyer stated that if Oakland men were given the work he would vote for the measure.

The resolution was passed by a unanimous vote, with the exception of Courtney, who voted no.

### RETAIL GROCERS HOLD WELL ATTENDED MEETING.

The Retail Grocers' Association held a successful meeting last evening in the rooms of the Merchants' Exchange. The dead-beat lists were submitted.

A contract was made with the Dean Bros., collectors, by which the firm agrees to collect all bills for 15 per cent unless a suit is forced, when they will charge 20 per cent. This offer was considered by the association as very liberal, as the usual per cent demanded for the collection of bills is 20 and even 25 per cent.

According to the rules adopted by the association all grocers who are members of the association who have had bills will send them to the secretary and he in turn will present them to the collecting firm. This order was adopted as being the most expeditious method of procedure.

The following were elected members: J. W. Ralpho, Alvarado; B. A. Pratt, 1721 Railroad avenue, Alameda; M. A. Mead, 633 East Twelfth street; C. C. Behringer, 4110 Piedmont avenue; Gad Aylwin, Lorin; Mrs. I. Cornelius, Lorin; C. J. Hesse, Fifth and Myrtle streets; T. M. Linihan, Fifth and Filbert streets; F. L. Fowle, Thirty-fourth and Telegraph; W. J. Shead, Alameda; Voice & Koertner, Thirty-fourth and Telegraph; E. P. King, Berkeley Roadside Company; J. B. Spenger, Berkeley; D. S. Ciphers, J. W. Palmer and Son, Alameda; J. J. Harrington, 1700 Eighth street; Thomas White, Fifth and Franklin; M. J. Bouchi, 365 Wood street; A. Jorgens.

At the present time about 120 grocers have signed as members of the association, out of a total of 200 in the three cities. The organization proposes to take in any and all grocers in the county and will in a short time, it is thought, boast of a membership of several hundred.

## COURTNEY AFTER MR. CUVELLIER

LIVELY DISCUSSION OVER THE  
APPOINTMENT OF A  
STENOGRAPHER.

An Attempt to Block the Council  
in Perfecting Water  
Appeal.

## RINGING APPEAL TO CLOSE JOINTS.

FATHER McNALLY AND REV.  
ALEXANDER WANT SA-  
LOONS CLOSED.

West Oakland People Are After  
Jos. Bernardo and Jas.  
Dickinson.

When the ordinance creating the position of stenographer to assist in the appeal of the water rate case was introduced in the City Council last night it created a small storm which subsided when the Council downed Cuvellier by a vote of nine to two.

When the ordinance was called up by the Clerk, Cuvellier jumped to his feet with a protest against the creation of the office. He said:

"It looks like a move on the part of the Council to create an office for some one. I am opposed to making expenses for the city in this way. Who it is for I don't know. What kind of a stenographer do you expect to get for a paltry \$50 per month. You proposed to pay some broken-down stenographer \$50 for the important work of assisting the City Attorney in the appeal. No one but an incompetent will work for the miserly pittance offered. I don't see how this Council has the audacity or temerity to propose offering \$50 for such a great undertaking as transcribing the appeal. Stenographers are skilled people who spend years in becoming proficient. I do not want any broken down incompetents, liable to error at any time, to have charge of the city's end of the business. To get good men, capable of doing the work, you must pay good salaries. I am emphatically opposed to creating the office and will vote against it."

Courtney—Cuvellier is running off the track. The stenographer's work will not require more than two or three hours labor per day. Cuvellier wishes us to pay a princely salary to a stenographer so when the end of the term comes and we have to face a deficit, and he can say "I told you so. See what a Council the people have." Our predecessors in office paid great salaries and it is plain to be seen where they landed the people.

Cuvellier—Why not leave the appointment of the man to the City Attorney? It is a plain proposition of robbing to create offices this way and fill them with political favorites.

Courtney—You wish to pose as very honest. Yet last Council succeeded in doing a great deal in the way of spoliation of the people through the creation of offices and the installing of incompetents.

Schaffer—This proposition emanated from the City Attorney.

Cuvellier—The City Attorney says he will have nothing to do with it. He scoffs at its provisions as ridiculous.

Schaffer—The City Attorney told me that it was in accord with his wishes. In fact he suggested it.

Don—Some one has got to foot the bills of the last Council.

Cuvellier—The last Council will stand by its record.

Fitzgerald—My understanding of this is that the City Attorney wished it.

Schaffer—The City Attorney made the proposition to get a stenographer at \$50.

Boyer—If the man he gets is incompetent or worn out he can be discharged.

Dornin—Is Mr. Johnson here? He stated to me he could not get a competent man for that sum.

Wixson—Did he not state at first he could get a man for that sum.

Schaffer—As a matter of fact he drew the resolution himself.

Dornin—He would draw a resolution for anyone who requested it.

Schaffer—He will also give anyone an opinion who asks for it.

A motion was made by Boyer and carried, passing the ordinance to print. Bishop, Don, Boyer, Courtney, Fitzgerald, Ruch, Wallace, Wixson and Schaffer voting aye and Cuvellier and Dornin voting "no."

## "The Credit House"

Six Stories High

The Rev. J. B. McNally, rector of St. Patrick's Church, West Oakland, and Rev. Monroe H. Alexander, pastor of the Chester Street M. E. Church, and other property owners of West Oakland, have presented a vigorous protest against the continuance of two saloons in that district, owned by Joe Bernardo, 751 Willow street, and James K. Dickinson, 1701 Pacific street.

The petition is as follows:

"In the interests of good morals, without which there can be no order in society, and therefore, only chaos in place of government, in the interests of property, without whose protection there is no justice in society, and therefore, government is deficient in essential results; in the interests of human life and all the virtues, qualities and conditions that constitutes its happiness, we the undersigned, property holders and citizens of West Oakland respectfully ask you to revoke and refuse the license of Joe Bernardo and J. Dickinson, to sell intoxicating drinks.

"Neither Joe Bernardo nor J. Dickinson has the required consent of property holders.

"These are all families in this section, here alluded to, and they do not need or want to patronize saloons. Your license is the immediate cause of a vast and devastating flood of unspeakable immorality. Your license forbids self-respecting women to live in, or be seen around these parts or streets. Your license is a terrible menace to raising children in these parts, in the ways of moral life for youth.

"There are four saloons within four hundred feet of one another, and this in a purely residential portion of our city, where people have now to abandon hope of bringing up their children as the nation expects youth to be reared, for the upholding of the highest principles of both.

"In the name of God and society, in the name of virtue and morality, by every principle of honor, virtue, religion and patriotism, by our civilized sense of American honor, for virtue and safety, for life, liberty and the pursuit of happiness of our citizens, notably women and children, we, property holders, electors and citizens, do hereby call on you, by every principle that falls sublime on the human soul to hear our prayer and grant our humble petition, in mercy, truth, justice and our common American honor.

"It won't require much investigation to convince you that underlying the

**CITY TRUSTEES OF BERKELEY HOLD MEETING.**  
TELEPHONE COMPANY MAKES COMPROMISE WITH THE TOWN.

**Bay Counties Power Company Must File a New Application.**

**BERKELEY, Aug. 27.**—Although it was expected that the Town Trustees would fix the tax rate last evening no action to that end was taken by the Board at its regular meeting. All the Trustees and a large number of interested citizens were present.

The turning down of the application of C. J. Bruschke for permission to carry a concealed weapon furnished a sensational feature of the session. Bruschke, who is manager of the Pacific Coast Lumber and Manufacturing Company at West Berkeley, recently became involved in an altercation with Arthur Randall, a negro. The latter is now awaiting examination on a charge of assault to murder.

The Board withdrew its demand that the Telephone Company be obliged to pay a license of \$600 per year. The rate will be allowed to stand at \$5 per quarter as formerly. The Telephone Company allowing the town the free use of instruments.

A proposal to lay a sidewalk on Sixth or Eighth streets to the Grayson School was referred to the Street Committee.

It was ordered that a notice be sent to the property owners on the north side of Ward street from McGee to Grove street, to lay a four-foot wooden sidewalk.

Report was made by the Fire and Water Committee that the Peralta Hose Company is in need of improved harnesses.

The request of T. Schaefer to lay a six-foot sidewalk on Ellis street near Harmon was granted.

Although the protest against the proposed improvement of Spruce street was brought up, action was laid over until next Thursday evening at 8 o'clock. The protestants' attorney was allowed to give his objections, as he cannot be present Thursday night.

The application of the Bay Counties Power Company for a fifty year franchise was again brought up, but no action was taken. Trustee Staats informing the Board that the request for the franchise was not regular. The company will have to make a new application before the Board will consider it further.

A resolution for the proposed opening of Sixth street was referred to the Street Committee.

Ordinances were passed to print fixing the laundry license at \$6 per quarter and that of auctioneers at \$8 per quarter.

Recommendations made by the Street Committee were adopted as follows:

That a six foot sidewalk be laid on the east side of Eleventh street between Dwight and Durant avenues; on the west side of Henry street north of Vine to within 100 feet of Rose street; on both sides of Grove street between Bancroft way and University avenue; on the east side of the north side of the street west of Shattuck; on the south side of Allison way between Shattuck avenue and Grove street.

Upon recommendation of the Finance Committee the following bills were ordered paid: J. B. Ryan, \$10; C. E. Engle, \$25; C. D. Mahoney, \$15; O. J. Preston, \$20; E. R. Alden, \$20; Charles T. Kerns, \$12; Charles E. Thomas, \$100; B. A. Hayne, \$25; W. H. Marston, \$25; Robert Greig, \$18; Robert Greig, \$125; Herbert Rowell, \$10; C. B. Loyd, \$100; Isaac Nicks, \$100; Isaac Nicks, \$10; Lora R. Fira Company, \$5; Alert Fire Company, \$5; Peralta Fire Company, \$10; R. C. Jones, \$2; Patrick Downey, \$1; L. W. Brown, \$2; George Schmidt, \$4; A. Peterson & Sons, \$5; E. C. Peck, \$5; James Kenney, 50 cents; Charles Alvord, \$2.50; L. C. Woolley, \$2; E. Abernathy, \$2; Edwin Rule, \$2; E. Brothers, \$2; Ed McVey, \$2.

**STUDENTS WILL ACT AS JUDGES.**  
President Wheeler Will Allow Them to Pass Judgment on the Accused.

**BERKELEY, Aug. 27.**—President Wheeler has empowered the Associated Students of the University to deal as they see fit with the members of the sophomore class who completely ignored his request that there should be no rush at the freshmen meeting.

President Wheeler believes that some action should be taken by the student body to ensure the offenders. At present the entire affair is in the hands of the Executive Committee of the Associated Students, and it is believed that the committee will make its recommendation in the near future.

**DR. SELFRIDGE IS TO BE ARRESTED.**  
Did Not Report a Diphtheria Case to the Alameda Officials.

**ALAMEDA, Aug. 27.**—Yesterday afternoon Doctor L. W. Selfridge swore to a warrant charging Doctor J. M. Selfridge of Oakland with violating a section of City Ordinance No. 181.

It seems that on the 23rd of this month Doctor Selfridge took in charge a diphtheria case in the family of A. W. Pauliani, who resides at Cottage and Central avenues and did not report the case to the Health Department. The case was that of Miss Irene Pattiani.

The warrant for Dr. Selfridge's arrest is now out and the ball has been set at \$25 cash or \$50 bonds.

**WHIDDEN HOSE MEN ARE NOT SATISFIED.**

**Send Word to the Board of Trustees That Some Changes Must Be Made.**

**ALAMEDA, Aug. 27.**—The Whidden Hose Company is not satisfied. The volunteer firemen of the West End have forwarded a communication to the City Trustees stating that unless several changes are made within a short time they will withdraw from the department. It seems that for the past few years the company has been requesting the City Trustees to complete their quarters in the Webster street engine house. They also want the city to pay for the cleaning of their hose after a fire. Some of the department rules are also objected to, notably that which provides that a member who fails to attend three successive fires shall be suspended.

The matter will come before the Trustees at their next regular meeting.

**PLEASANT AFFAIR IN THE ENCINAL.**

**ALAMEDA, Aug. 27.**—Last night the Boys' Assembly gave an entertainment at their rooms on Webb avenue and Park street which was a unusually attractive affair. Mrs. L. T. Solomon of San Francisco and Joe Baldaramos of this city rendered several vocal selections. Rev. Mr. Dodson, always a favorite with the boys addressed the meeting.

The Boys' Assembly of this city is a flourishing organization and is gaining new members and greater popularity at each meeting.

**LANGDON IS FINED.**  
**ALAMEDA, Aug. 27.**—Yesterday William Langdon, who was arrested some time ago on a charge of cruelty to animals, was fined \$25 by Judge Morris.

**STRIKERS MAKE TRIP TO BERKELEY**

**Succeed in Compelling Some of the Drivers to Quit Work.**

**BERKELEY, Aug. 27.**—A number of striking San Francisco expressmen and teamsters created considerable excitement on Stanford place this morning, when they made an effort to have a number of employees of the various express companies join their ranks.

The company owners complained to Marshal Kerns, who detailed Deputy Marshal Alden on the case. The walking delegates used boisterous language and at times it seemed as though serious affairs would result.

The delegates succeeded in inducing two men to leave their work.

The People's Express was tied up.

**LANDREGAN COMES BACK WITH COIN.**

**BERKELEY, Aug. 27.**—Dennis Landregan, the well-known business man, arrived from Cape Nome last evening. He brought down a comfortable fortune, which accrued from valuable mining claims which he located. Some time ago a report came from the Arctic city to the effect that Landregan had been fatally shot and it was quite a while before the denial of the rumor reached his relatives in this city.

**LECTURES FOR THE ASSOCIATED CHARITIES.**

The first of a series of lectures for the benefit of the children's work of the Associated Charities will be given in Y. M. C. Auditorium this evening. It will be delivered by Rudolph I. **PRESIDENT'S OLD COMRADE GETS A PLACE.**

**COLLECTOR STRATTON HAS KEPT HIS WORD WITH THE PRESIDENT.**

**Congressman Metcalf Worked to Get Place for San Leandro Soldier.**

**SAN LEANDRO, Aug. 27.**—Capt. Martin V. Ritter, who formerly conducted the Central Hotel of this place, has just received an appointment as inspector at the U. S. Custom House.

Captain Ritter was a comrade of President McKinley in the Twenty-third Ohio during the Civil War, and for many years held an important position in the custom department of the San Francisco Mint. He was removed during Cleveland's last term and found it impossible to effectively place his case before the present Administration until the time of the President's visit to this coast.

While the President was a guest at the Scott residence in San Francisco Ritter called and was given an audience with the President, who recognized him at once. During his visit with Mr. McKinley, the Captain mentioned his removal from the Mint and the President at once offered to replace him. It was found impossible, however, to place Ritter in his former position, owing to his age, but he was given a good position in the Custom House.

Mr. Ritter was personally acquainted with the President during the Civil War. When President McKinley was in Oakland he said to Congressman Metcalf, "Mr. Metcalf, there is an old comrade of mine on the San Leandro road I would like to be provided for. His name is Ritter."

"Mr. President," replied Mr. Metcalf, "I will do my best to get him a position. I will see if Mr. Leach can give him a position in the Mint."

"He was a member of my company," continued the President, "and I would like to see him provided for."

"Well," said the collector of Customs Stratton, "if Mr. Leach does not provide for the old soldier I will."

Mr. Ritter is in the Custom House.

**GREAT ARCH TO BE COMPLETED IN MONTH.**

**It is Standing Alone and the Engineers Are Very Much Pleased.**

**SAN LEANDRO, Aug. 27.**—The wooden framework under the arch is nearly all removed and the great arch is now standing without any support. The under surface of the arch is smooth and even and the engineers are delighted.

It will be about a month before the bridge will be ready for travel. The retaining walls are yet to be built up and then the space over the arch will have to be filled up until even with the county road.

**SAN LEANDRO PERSONALS.**

**SAN LEANDRO, Aug. 27.**—Mrs. J. Ritter of Oakland was in town visiting friends on Sunday.

Mrs. J. W. Perry of Montague is visiting her mother. She will stay for several weeks before returning to her home.

**ELMHURST CLUB WILL HAVE A BOXING NIGHT.**

**Directors Hold a Meeting and Decide to Have Some Fights.**

**ELMHURST, Aug. 27.**—The directors of the local Athletic and Social Club met several evenings ago and settled the matter of giving a boxing contest. It was decided that a contest would be given, but as to who would box and on what date the contests would take place no agreement was reached. There have been received a number of applications from amateur fighters who wish to exhibit before the club. None of these, however, have as yet been chosen.

It was reported that the club had on its list fifty-eight members, and this, together with the fact that they owe nothing, except for their billiard table, which is being paid for on the installment plan, is a fine showing for a new club. The directors are pleased with the condition of things and are all confident of success.

**LITTLE INVALIDS ARE NOW BEING CURED.**

**Real Charity Work is Being Done in the Elmhurst District.**

**ELMHURST, Aug. 27.**—The little invalids at the Helmsroth ranch, who were sent over from the Children's Hospital in San Francisco, are showing great improvement from their stay in the country. Three have already been declared cured. They have thrown away their crutches and will be sent to their homes, except one little boy, who will go to an orphan's home. Another little girl will be kept a week longer at the hospital and will then be sent home as cured. She also came to the farm on crutches.

**LIVERMORE BOYS WERE BEATEN.**

**Went Down Before the Heavy Batters of the Haywards Team.**

**HAYWARDS, Aug. 27.**—The ball game played Sunday at the Athletic Park was by far the most interesting and best attended game that ever took place in the Park. The game was between the Livermore team and the locals, better known as the P. & H's. The Livermores were again defeated by a score of seven to two.

The P. & H's. made some very fine plays, the feature of the day being double plays by Bird to Peterson to Powell. The battery work of Wyms and Kennelly was also of the highest order.

The Livermore team did not score until the eighth inning, when a home run was made.

Manager Zambresky is elated over the victory of his team and is now negotiating with other teams. Within the next few months he has promised more teams in the line of fast ball playing. The next victims to come before the P. & H's. are the Elks' team of Oakland which will play next Sunday at Athletic Park.

The game last Sunday was witnessed by more than three hundred people and the grand stand was packed to standing room. The presence of the White Owls of San Leandro, was quite apparent by their noise.

A. Agnew, captain of the Hoeseeman team of Oakland, umpired the game and his decisions were very rarely disputed.

**FARMERS HAVE DECIDED NOT TO QUARREL.**

**An Old Case in the San Leandro Court Has Been Dismissed.**

**HAYWARDS, Aug. 27.**—The trespass charge against Eugene Riley, which was preferred by M. Murphy some time ago, was dismissed several days ago by Judge Frowse. The case has been running along for some time and had grown rather old. It seems that several months ago E. Riley tore down a part of M. Murphy's fence, and the former's cattle got on Murphy's place, which, place, as a consequence, was somewhat damaged. Murphy at once had Riley arrested for trespassing upon the former's property.

Work on the piping and tank will commence at once. The successful bidders were \$200 lower than the bid of Assmusen & Thorup a few weeks ago.

**W. F. B. LYNCH PASSES AWAY AT SAN LEANDRO.**

**WAS ONE OF THE BEST KNOWN EDUCATORS IN ALAMEDA COUNTY.**

**For Twenty Years He Was President of the County Board of Education.**

**SAN LEANDRO, Aug. 27.**—A long, useful and successful life has just been brought to a close by the death of Prof. W. F. B. Lynch, which took place in San Leandro yesterday.

The deceased was a pioneer educator and had been closely identified with the advancement of this county, and especially with several sections of it during more than a generation. At one time the deceased held the position of Alameda county superintendent of education and discharged the duties of the office with the zeal of an enthusiast and with most successful results. Death came in the seventy-fifth year, deceased passing away in the home of his daughter, Mrs. H. P. Elber.

Mr. Lynch was a native of Pennsylvania. In his earlier years he was surrounded by discouraging conditions, but he managed to secure an education in Holly Cross College near Baltimore. He amplified the knowledge he had found in the books by private reading and became a man of general information on live subjects of the time. He moved to Ohio, where he engaged in the profession of teaching and where he married Miss Rachel Jackson.

In 1864 he settled with his family in Carson City, Nev., where he was ordained a minister of the Presbyterian Church. He followed that calling in various parts of that State.

In 1867 Mr. Lynch and family moved to Oakland. He remained here a short time, going thence to Alameda and subsequently to Centerville.

He filled the office of County Superintendent of Schools from 1870 to 1878, and for twenty years he was president of the Alameda county Board of Education, retiring about five years ago.

The following children survive him: Mrs. Elber of San Leandro, Dr. W. F. Lynch of Elmhurst, O. J. Lynch of San Leandro and H. W. Lynch, principal of the Centerville Grammar School.

The funeral will take place Wednesday next at 1 o'clock from the home of his daughter, Mrs. Elber.

**LIBRARY BOARD AT TOWN OF HAYWARDS.**

**New Terms Were Drawn by Board of Directors Last Evening.**

**HAYWARDS, Aug. 27.**—The new Public Library Board organized last night. The following members being present: R. Reid, George Toynne, F. F. Allen, Charles Allen and George Oakes.

Terms were drawn as follows: F. F. Allen, one year; Charles Allen and Geo. Toynne, two years each; R. Reid and Geo. Oakes, three years each.

George Oakes was elected president; Mr. Toynne, secretary.

The librarian, Mrs. Prowse, was re-elected.

A unanimous vote of thanks was tendered to Congressman Victor H. Metcalf for a number of valuable maps and other interesting publications which he had donated to the library.

**EXCELLENT PERFORMANCE AT DEWEY THEATRE.**

Manager Stevens' production of "Sapho" at the Dewey last night attracted a large house. The performance moved with a smoothness which was most pronounced. Miss Fanny Gillette appeared in the title role and charmed everybody by the depth of feeling which she displayed in the trying emotional features of the character. There was nothing in the performance in which the slightest exception could be taken. The effect of the whole was the pointing of a moral which cannot be too strongly sustained.
